ABOUT

Passionate and detail-oriented frontend developer skilled in building responsive and interactive UIs using React.js, JavaScript, HTML, and CSS. Strong communication and collaboration skills, with good knowledge of backend technologies like Node.js and MongoDB. Eager to contribute to dynamic teams and craft engaging user-facing applications.

EDUCATION

Higher Secondary Education - Leonard H.S. School (2020)

Graduation(2020-2023) - **St aloysius college jabalpur**

BCA (Bachelor of Computer Applications)

Object-Oriented Programming, Data Structures and Algorithms, Database Management Systems, Operating Systems, Computer Networks, Web Technologies (HTML, CSS, JavaScript), Software Engineering, Programming in Java and Python, Cloud Computing, Internet of Things (IoT).

SKILLS

Languages: JavaScript (Advanced), Python (Intermediate)
Frontend: HTML, CSS, React.js (with Hooks,Redux), Tailwind
Backend: Node.js, Express.js (Intermediate)
Tools: Git,GitHub, VS Code, Postman, MongoDB Atlas, Netlify, Vercel

EXPERIENCE

Web Development Intern Enosis Learning - Duration: 8 months (2024)
- Collaborated with the development team to design and implement user interfaces using HTML, CSS, and JavaScript.
- Leveraged React.js to create dynamic, responsive user experiences that align with modern web development standard.

PROJECTS

Books-Library: A dynamic book catalog using FreeAPI.app! Fetch and display book data seamlessly with search, sorting, pagination, and a list/grid toggle. Built with HTML, CSS, and JavaScript

Crypto Dashboard: Developed a real-time crypto dashboard that displays live cryptocurrency prices, market trends, and charts. UI built using React and styled with Tailwind CSS. Deployed the application on Vercel for seamless access.

Personal Portfolio: Created a personal portfolio website with smooth animations and modern UI/UX to showcase projects and skills. Built using React and styled with Tailwind CSS and Framer Motion. Fully responsive and deployed on Vercel for fast and reliable performance.

EXTRA-CURRICULAR ACTIVITIES

- Actively read blogs on new technologies and tools, exploring them to improve productivity.
- Also post videos on YouTube related to software development and dsa.

LEADERSHIP

- Managed my group in developing the minor and major projects.
